

WE ARE CLOSED DUE TO CORONAVIRUS ISSUES

Due to the issues surrounding the Coronavirus and Government instructions for a lockdown, with regret we have decided to close our clinic for 2 weeks at least but this could be extended further.

Although the lockdown does not include us at the moment, for the safety of our staff, clients and to try and adhere to the advice given about isolation and helping to prevent further spread of the virus we felt it was our duty to play a part in helping fight this disease.

This is a very stressful situation for us at MH2GO. We are a very busy place with clients booked in every day taking up to 30+ clients a day and booked well in advance up to April/May. We wish we could help each and every one of you but for these 2 weeks (with a possibility to be extended) all appointments have to be cancelled and when we re-open we will have a surge of clients trying to book in when the diaries would already be full. We will of course do our best to accommodate you all but in this stressful time we urge you to please bear with us and not to call us at all within the 2 weeks we are closed.

We cannot do anything about your appointments or re-arrange them at the moment. On our return we will do all we can to get our clients back in and re-arrange appointments but please DO NOT call us, as at the moment there is nothing we can do.

How we can help

We will provide support via email and SMS/ Whatsapp so any major issues please contact us on:
